MATTIE RHODES ART GALLERY

LOS COLORES DE LA VIDA/ THE COLORS OF LIFE

Mattie Rhodes Center is committed to brightening the future of individuals, families, & communities through social services and the cultural arts. Our work often reveals the vibrant pictures & vivid stories each individual carries within them, sometimes triumphant, sometimes tragic. *Los Colores de la Vida* explores the complex social issues of our time while fostering a dialogue that promotes compassion & understanding.

As artists, you play an important role in directing the public's attention to important & sometimes overlooked issues in our society. Every person has their own story and human experience that includes day to day struggles, cultural identity and social issues, and injustice. As artists you can be the voice and messenger for understanding and change in this colorful world.

Submitting artists should be prepared to talk to visitors about the human story behind their artwork. **Explore a new story, a new dimension and begin a new understanding.**
